Department Overview

The Department of Banking was created by Nebraska legislators to regulate state-chartered banks and other financial industries within the state. In 1939, regulation of state securities laws was also placed under the jurisdiction of the Department of Banking.

Today, the Nebraska Department of Banking and Finance regulates and supervises various financial industries on behalf of the State of Nebraska and its residents.

Our Vision

The Department's Vision is to make Nebraska the most trusted financial home for people and businesses.

Our Mission

Our mission is to protect and maintain the public confidence through the fair, efficient, and experienced supervision of the state-regulated financial services industries; to assist the public in their dealings with those entities; to assist those whom we regulate in a manner which allows them to remain competitive, yet maintain their soundness in compliance with the law; to fulfill our statutory responsibilities with regard to all licensees and registrants; and to investigate violations of the laws and cooperate with other agencies in seeking a timely resolution of problems and questions.

What We Do

Our agency serves the citizens of Nebraska through our various duties. Our field staff examines state-chartered financial institutions and other state-licensed industries to ensure sound operations and compliance with state laws. We register securities offered in Nebraska, business opportunities, investment advisors, and broker-dealers. Our staff also investigates securities violations and consumer complaints against state-chartered or state-licensed entities.

The Nebraska Department of Banking and Finance is an agency in the executive branch of the state under the direct supervision of the Governor. The Director of Banking and Finance is appointed by the Governor. We draw no funds from the General Fund of Nebraska; our agency is funded entirely by the industries we regulate. Our agency is comprised of two divisions – Financial Institutions and Bureau of Securities. Together these two divisions regulate several different financial industries. Listed are the various industries regulated by each section.

Financial Institutions

- ◆ State-chartered banks, credit unions, savings & loans, and trust companies
- ◆ Mortgage lenders
- ◆ Consumer lenders (installment loan companies, sales finance companies)
- ◆ Money Transmitters
- ◆ Delayed Deposit Services (also known as payday lenders)

Bureau of Securities

- ◆ Securities registrations and exemptions
- ◆ Broker-dealers and agents
- ◆ Investment advisors and representatives
- ◆ Business opportunities (includes franchise filings)
- ◆ Seller-assisted marketing plans and consumer rental purchase agreements
- ◆ Nebraska Commodity Code
- ◆ Loan Brokers

Director's Message

Director
Kelly Lammers

Welcome to the Department of Banking and Finance!

Growing Nebraska is fundamentally an issue of trust. This report offers a high-level conversation into the details necessary to deliver on the Nebraska Department of Banking and Finance's mission to protect and maintain confidence in the Financial Industries of Nebraska.

As you look at this report, take note that most Nebraska financial industries are reflecting growth, some by double digits. This reflects in their packaging and delivery of products and services, such as banking, credit unions, mortgage loans, small loans, brokerages, advisors, and securities. Nebraska is also defining financial services with our own flair and great success. For example, this report details the number of new bank branches in Nebraska. I find branching an interesting topic as I will occasionally read national news of closing branches and observe the strong capital, reserves, and earnings of Nebraska banks opening branches. Such performance is not limited to one industry with the number of Nebraska-registered broker-dealer agents and investment adviser representatives up by more than 20 percent since 2018. The Mortgage Banking industry reflected significant gains, wherein Nebraska Department of Banking and Finance (NDBF or Department) team pivoted to meet the demand and enabled a record number of Mortgage Loan Officers to work in Nebraska. Even with an expectation of year-end declines in this record number, early indications reflect a

new normal level above that of 2019. This year we continue to move forward leveraging ingenuity and innovation to prioritize risk-based solutions. An example of leveraging ingenuity and innovation include improving our Money Transmitter Licensing process resulted in a decrease in the steps necessary, increased examiner review of the application, and all licenses are now provided a licensing decision within the prescribed time table. Each of the tables and stories in the attached report reflect numbers, and yet, their true focus is on community, available responsible funding opportunity, and financial options through trusted connections. Such delivery of financial services never go out of style.

The Department's 71 people located in Lincoln, Kearney, and Omaha are committed to monitoring the people and businesses that touch other people's money. The composition of skills necessary to perform financial oversight is heavy on legal, financial, economics, traditional management and operations. In building such a team, the Department does not use taxpayer money; rather we are cash-funded from assessments and fees for the services we perform. Additionally, our mission includes explaining what Nebraska is and does, compared to the national perspective. For instance, the Nebraska Bank or Nebraska Credit Union is federally insured, and because those depository entities may do business in other states or move money outside the USA, our examiners meet federal standards relative to the understanding of those type of business operations. Examiners offer explanations (NE law 8-103 uses the term "constructive") and perspective relative to capital, assets, management, earning, liquidity, sensitivity, information technology, in every Safety and Soundness Financial Institution examination. While also performing examinations associated with the securities, money transmitter, mortgage banker, installment loan, and trust acts.

Partnering with government policymakers, and industry and educational professionals, we delivered on the Department's mission of protecting and maintaining the confidence of Nebraska Financial Service industries, fraud prevention, protecting vulnerable adults from financial exploitation and financial literacy with the team participating in 34 public speaking events. The groups numbered in size from 5 to 500 people in attendance. By the end of the fiscal year, the attendance at these events exceeded 2,000 in totality. In our quest for delivering financial literacy, as well as promoting the regulated financial industry,

Director's Message

many Department teammates have participated in job fairs, class talks, and conferences. This year, I had the privilege to speak with a group of grade schoolers about their educational savings program opening. The day took on the feel of a pep rally more so than one of my more typical talks of safety and soundness. I asked them to guess which state name is printed on the back of a \$5 bill. While the 48 contiguous states names are listed around the top of the real Lincoln Memorial, not everyone knows the image of the Lincoln Memorial on the back of a \$5 bill also displays all states' names. The students, with great enthusiasm, shouted out "Nebraska!" The correct answer was, of course, "Nebraska!" I am confident they enjoyed their first adventure into a lifetime of financial literacy, and I thank the banks, credit unions, and schools that enable student savings programs.

Much of this year has been committed to special projects, including the rollout of the Financial Innovation Act, and the tasks necessary to update the Department Rules.

The Financial Innovation Act continues to move forward with the NDBF vendor, Promontory, working with the Department team to deliver over 800 pages of examination manuals, linking national guidance with newly created state law. Along with an application process, examination standards, and proposed Nebraska Administrative Code (NAC), commonly referred to as "Rules". The Financial Innovation Act is both enabling entities wishing to express payments in a new ledger (all transactions are prepaid), as well as to the public interests in delivering payment instructions without sharing any type of personally identifiable payment information. However, the Financial Innovation Act does not enable the holding of crypto assets in a manner other than custodial, which is very similar to traditional trust activities. While the Act is very narrow legislation, the Yogi Berra phrase comes to mind, "It's like déjà vu all over again". As this new "ledger" may not be any more innovative than was the first checking accounts, ACH (Automated Clearing House), money markets and a few others. Today's reference to a new ledger is simply enabling a noninsured entity to identify the risks, flows, and offerings of such services, prior to enabling this "innovation" in an FDIC bank. Thus, the Financial Innovation Act is written to deliver a new ledger and possibly a new payment method, and yet keeps your money in the bank, unless you direct the money elsewhere. Seems like banking?

In addition to drafting the Rules for the Financial Innovation Act, the Department has been laboring to update the Nebraska Administrative Code 45 and 46. On September 22, 2022, a hearing was held for NAC 46. A hearing for NAC 45 will be set prior to year-end. Current Rules require originals of some forms and two additional copies. The updated Rules reflect awareness of digital information and changes practices to enable easier delivery. With other updates simply reflective of changes in the industry, but not yet in the rule.

Undertaking each of these activities reflects our strong commitment to the taxpayer — simplicity, transparency, integrity, and trust. I have the privilege of working with the best team in the nation, the team that never fails to deliver innovation, dependable regulatory perspective, and updated regulation. I hope you enjoy reading a great deal of numbers that have had a predominately positive impact on the State of Nebraska!

Sincerely,

Kelly Lammers

A Year In Review

Financial Institutions Division

Darcy Bailar, Deputy Director

It has been an exciting and productive year for the NDBF Financial Institutions (FI) Division! Our team has seen a notable level of growth in several of our industries with the number of licenses and amount of total assets regulated. We have continued to provide effective and efficient service to the citizens of Nebraska, and a fair and constructive regulatory approach to industry professionals and the financial institutions that we regulate.

The FI Division administers and enforces laws and regulations for both depository and consumer finance industries in Nebraska. The Depository Division supervises banks, credit unions, and trust companies. The Consumer Financial Services Division supervises mortgage bankers, money transmitters, installment loans, and sales finance companies.

Nebraska continues to rank #8 in the nation for the number of state-chartered banks. A total of 140 banks hold Nebraska state-charters. Total state bank assets are \$59.3 billion. Merger and acquisition activity continued over the past year; however, despite a decrease in total bank charters, total assets increased by approximately \$4.2 billion, or 7.7 percent. NDBF supervises 11 state-chartered credit unions with total assets of \$968 million. This industry has also exhibited growth in total assets by

7.9 percent in 2022. Four independent trust companies are chartered in Nebraska with combined assets under management of \$11 billion.

The number of licenses granted by NDBF in all Consumer Financial Services industries increased over the past year. In 2022, NDBF licensed 6,272 Mortgage Loan Originators and 475 Mortgage Banker Companies with total assets of \$1.9 trillion. Money Transmitter Licenses increased to 161 with combined total assets of \$497.6 billion. Installment Loan Company licenses issued increased significantly from four in 2021 to 48 in 2022. Additionally, NDBF licenses 103 Sales Finance Companies.

In both FI divisions, skilled examiner teams conduct thorough examinations, provide constructive regulatory expertise, analyze various applications, and serve as a conduit between Nebraskans and financial institutions to address inquiries and complaints. The FI Division is strongly supported by the NDBF administrative and technology teams, and the Legal Division.

NDBF conducted and/or assisted with 66 depository and 55 consumer finance examinations throughout this year. Many of these examinations were conducted using the hybrid examination format, with suitable portions of the examination conducted offsite, but often including management discussions, file and/or transaction testing, and Board/Exit meetings onsite at the financial institution, as appropriate. This format was first implemented in 2021 and has become the standard for NDBF examinations. It is fluid and adapted as needed by considering various factors for both industry professionals and the examination team. Examination scoping continues to be risk-focused as part of a consistent, constructive examination approach.

Feedback from post-examination surveys and industry comments indicate that NDBF examinations continue to be conducted in a fair and objective manner. This is a critical focus in upholding the NDBF Mission “to protect and maintain the public confidence” in Nebraska financial institutions.

Additionally, this year the FI examination staff assisted the Legal Division in reviewing and updating our regulatory rules in Nebraska Administrative Code, Title 45 (Banking Rules) and Title 46 (Savings & Loan, Credit Union Rules),

A Year In Review

to modernize language and reduce regulatory barriers, where possible. This is a continuous team effort, and work will continue to seek opportunities for updates that are beneficial or necessary to successfully regulate Nebraska financial institutions.

NDBF oversees the Single Bank Pooled Collateral Program by authority granted from the Nebraska Legislature through the Public Funds Deposit Security Act, effective in 2020. NDBF has appointed the Nebraska Bankers Insurance and Services Company (NBISCO) as the current program administrator. The program currently has 20 participating banks and includes total public deposits of \$1.8 million. Since the program's inception, several participating banks have shared success stories of being able to use excess available funds for additional loans or needs in their local communities. NDBF conducts independent examinations to review the administration of the program in addition to monitoring monthly reporting metrics from the administrator.

Lastly, but certainly not least, the FI Division continues to work diligently to administer the Nebraska Financial Innovation Act (NFIA), which became effective in October 2021. This act allows for two types of Nebraska charters, a Digital Asset Depository Institution or a Digital Asset Depository Department, within a Nebraska financial institution. The NDBF team has developed documents related to charter application and documentation requirements; financial reporting; examination manuals, procedures, and reports; as well as proposed administrative code (Rules). The NFIA is unique to other states' legislation and provides increased opportunities and access to new financial services in Nebraska and growth of our state-chartered financial industries.

I am incredibly proud of the skilled supervision and great responsibility carried out by the FI team to ensure the continued safety and soundness of all Nebraska state-chartered financial institutions. I look forward to the continued growth and success in all of Nebraska's financial industries in the coming year and beyond!

A Year In Review

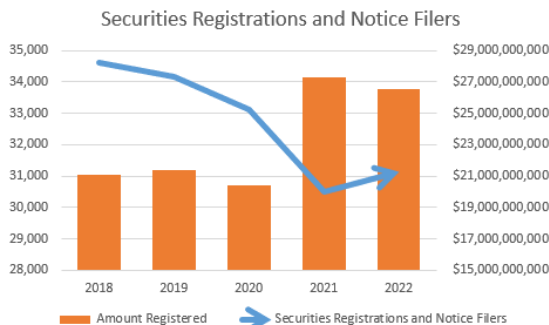

Bureau of Securities

Claire McHenry, Deputy Director

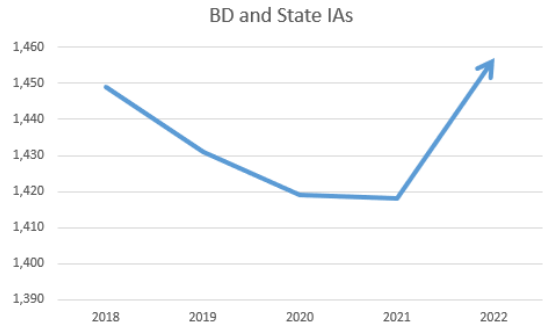

The Bureau of Securities continued its efforts to protect investors and Grow Nebraska in Fiscal Year (FY) 2022. The Bureau administers and enforces the Securities Act of Nebraska (Act), as well as several other consumer and business protection statutes, to protect investors and promote fair and efficient markets in Nebraska. Strong state securities regulation is essential to maintaining a stable securities industry, protecting the public from illegal operations, and encouraging capital formation and the creation of new jobs in Nebraska.

The Act provides for the registration or exemption of securities, registration of firms and individuals, examination of registered firms, and enforcement of the Act through administrative, civil, and criminal actions. This is possible due to the hard work and dedication of the Bureau's specialists, analysts, examiners, supervisors, and legal staff.

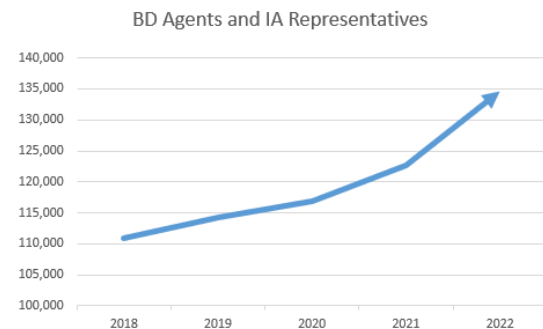

During FY 2022, the Bureau:

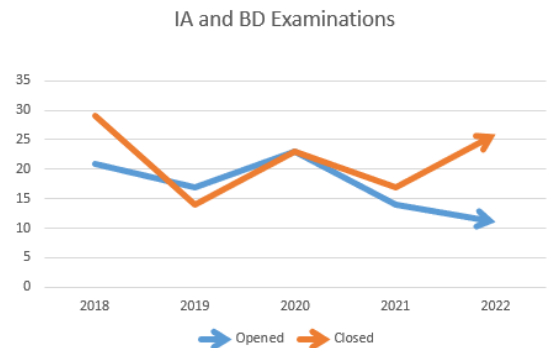

Processed 31,129 securities registration and notice filings offering over \$26.5 billion in securities.

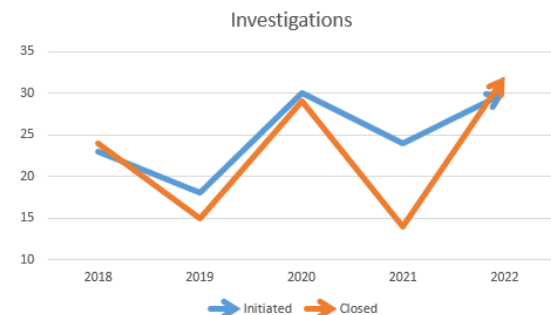

Provided oversight to 1,457 broker-dealer firms and state-registered investment adviser firms.

Provided oversight to 134,676 Nebraska-registered broker-dealer agents and investment adviser representatives.

Opened 11 examinations and closed 26 examinations of registered firms.

Initiated 30 new investigations and closed 32 investigations.

A Year In Review

The Bureau remains a net contributor to the General Fund of the State of Nebraska. In FY 2022, the Bureau's expenditures were \$1,502,798, and the revenue collected was \$34,455,763, primarily from registration and licensing fees. The Bureau transferred \$18,000,000 from the Securities Act Cash Fund to the General Fund. Since 2015, the Bureau has transferred \$215,900,000 to the General Fund. Since 2000, the Bureau has transferred over \$508,911,121 to the General Fund.

In FYI 2022, the Bureau remained committed to protecting investors and fostering capital markets. The Bureau of Securities continued its outreach efforts to grow and protect Nebraskan's financial futures. Outreach included training law enforcement professionals about securities investigations and coordinating resources, supporting the Nebraska Council on Economic Education's Stock Market Game teacher training workshops, discussing scams and how to protect yourself on KRVN's Rural Radio Forum, hosting a compliance webinar for state registered investment advisers, presenting on new laws to protect vulnerable and senior adults from financial exploitation, presenting on trends and issues in digital assets and financial inclusion with industry, and supporting the Department's Financial Awareness Month in April.

On August 28, 2021, the Nebraska Protection of Vulnerable Adults from Financial Exploitation Act went into effect, which provides broker-dealers and investment advisers with new tools to deal with suspected cases of financial exploitation of vulnerable adults and senior adults. The Bureau immediately began work to implement the new act, developing processes and procedures to receive and track reports from firms, review allegations of violations of the Act, and make referrals to the Department of Health and Human Services Adult Protective Services and other appropriate agencies. Broker-dealers and investment advisers also began using the tools provided to them, including holding transactions and making reports to the Bureau. One report from a broker notified the Bureau that it was concerned about transactions in the client's account involving a crypto mining investment company. The broker was able to hold a withdrawal from their client's account, while the Bureau investigated. The Bureau found that the client's daughter had met someone on a dating website online and had been encouraged to invest into an unregistered crypto mining company. Based on the report and the Bureau's investigation, the Department issued a cease and

desist order on October 19, 2021 against the crypto company to stop violating the Act and notified its internet service provider, which took down its website.

Registration ensures that investors receive important information about securities products and the investment professional with which they work so that they can make informed decisions about their financial futures. The Bureau implemented new processes and technology to streamline and simplifying the renewal process for state registered investment advisers and non-FINRA broker-dealers. Examinations of registered investment advisers and broker-dealers allows the Bureau to review the firm's compliance programs, detect violations of the Act, and help strengthen internal practices. Examinations in FY 2022 prioritized state-registered investment advisers and broker-dealer branch offices. The Bureau also participated in nationwide sweep examinations of broker-dealers to assess firm implementation of Regulation Best Interest requirements.

The Bureau engaged in active enforcement of the Act in FY 2022. The Department and the Office of the Nebraska Attorney General joined the Commodity Futures Trading Commission and 25 other states in filing against Safeguard Metals LLC to halt a precious metals scheme that solicited \$68 million senior and other investors, including \$658 from Nebraska investors. The Department joined with other states, and the Securities and Exchange Commission, to settle with digital asset lending platform BlockFi Lending LLC for the sale of unregistered securities. As part of the settlement, BlockFi agreed to pay the Department \$943,296.22 over two years, as well as halting offers of unregistered securities and undertaking to register any new securities. The Department also entered a consent order to address the unregistered investment advisory activity of an individual.

The Department encourages Nebraskans to review financial opportunities carefully and to check the registration status of the investment and the persons offering it. The Department also offers a wide range of free investor education materials and can help investors research the back-

ground of those selling or advising the purchase of an investment. More information is available at ndbf.nebraska.gov.

Legal Division

Patricia A. Humlicek Herstein
General Counsel

ANNUAL REPORT 2022 - LEGAL DIVISION

Legislation, regulations, and administrative actions for the fiscal year ending June 30, 2022, are detailed in this report. My thanks to the Legal Division staff for their excellent and comprehensive work in these areas, as well as their dedication to accomplishing the daily work of the Department.

Legislation

LB 707 was introduced at the request of the Department by Banking, Commerce and Insurance Committee Chairperson, Matt Williams. LB 707 was the Department's annual omnibus bill to update and clarify laws under the jurisdiction of the Department. As introduced, the bill made these substantive revisions:

- The Nebraska Banking Act was amended to authorize bank subsidiaries to be formed as limited liability companies (LLCs), and to provide the current limitations on investment amounts and authorized practices applicable to bank subsidiary corporations, as well as the Department's authority to examine these entities, also apply to limited liability company subsidiaries. Previously, bank subsidiaries could only be formed as corporations under state law.
- Section 8-1502, which governs changes of control of banks and trust companies was amended to provide that for shares received through debt collection, inheritance, or gift, the requirement of a 10-day post-acquisition notice to the Department was

extended to a 30-day post-notice.

- Section 45-736 of the Residential Mortgage Licensing Act was amended to provide that all licensees under the Act include their unique Nationwide Mortgage Licensing System identifier number on application forms and all forms of advertising. This revised the law which had limited the requirement to licensees making loans under the Act.

LB 707 also included these annual updates:

- The annual re-enactment of the depository financial institutions "wild card" statutes to provide equal rights, powers, privileges, benefits, and immunities for state-chartered banks, savings and loans, and credit unions, with their respective federal counterparts. Due to state constitutional restrictions, these statutes are amended annually.
- The revision of references within many of the Acts under the Department's jurisdiction, the depository institutions financial exploitation statutes, and the Uniform Commercial Code, to federal statutes and regulations to those statutes and regulations as they existed on January 1, 2022.

The Banking Committee added several bills to LB 707 when it was advanced to General File as a Committee priority bill, shown below in numerical order:

LB 706, also introduced by Committee Chair Williams, to change provisions of the Real Property Appraiser Act.

LB 738, introduced by Senator Eliot Bostar, to adopt the LIBOR Transition Act for contracts, securities, and instruments.

LB 826, introduced by Senator Brett Lindstrom, to re-define a term under the Public Funds Deposit Security Act.

LB 846, introduced by Senator Julie Slama, to change provisions relating to an annual audit under the Nebraska Banking Act, which included a revision proposed by the Department.

LB 894, introduced by Senator John Stinner, to change provisions relating to accounting firm ownership.

LB 973, introduced by Senator Matt Hansen, to re-define terms and change powers under the Nebraska Investment Finance Authority Act.

LB 993, introduced by Senator Bostar, to provide for a limitation on digital asset and cryptocurrency custody services.

LB 1017, introduced by Senator Slama, to change pro-

A Year In Review

visions relating to the Nebraska Uniform Trust Code.

The Committee also included an amendment to add Juneteenth National Independence Day as a bank holiday. During the full Legislature's consideration of the bill, an amendment to the Nebraska Financial Innovation Act proposed by Senator Mike Flood to clarify the dollar-for-dollar reserve requirement only applies to stablecoin issued by a digital asset depository, and an amendment from Senator Myron Dorn relating to auctioneers of real estate (provisions of LB 811) were added. Many of the provisions of the final bill contained the emergency clause.

The Legislature passed the bill on a 43-0 vote, and Governor Pete Ricketts signed the bill into law on April 18, 2022.

LB 769, also signed into law on April 18, 2022, requires employees of five state agencies, including the Department, to submit to fingerprinting and criminal history record checks if the employee may directly access, and use protected federal or state tax information as part of the employee's authorized duties. The Department supported the bill.

The Department is very grateful to Senator Williams for his introduction and shepherding of the Department's proposals during his terms in the Legislature. We are indebted to Committee Counsel Bill Marienau, who is retiring at year-end, for his advice, counsel, and eagle eye during his many years of service to the state.

Regulations

The Legal Division dedicated a great deal of time to updating agency rules and regulations. Amendments to the Securities Rules contained in Title 48, Chapters 1, 3, 4, 9, 10, 12, 18, 19, 20, 38, and 39, became effective in June 2022. Updates to Title 45, relating to credit unions and savings associations, were drafted and scheduled for hearing in the third quarter of 2022. New rules to implement the Nebraska Financial Innovation Act were also drafted with a hearing to be held in late 2022; these rules will constitute Title 47. Revisions to all Chapters of Title 45, which cover banks and trust companies, are in process and expected to be considered at hearing in early 2023.

Administrative Actions

During this fiscal year, the Department issued 46 depository institution orders, primarily relating to applications filed by banks and credit unions. On the Consumer Finance side, 605 orders were issued, with the majority concerning mortgage loans originators.

As always, we look forward to the challenges of the next year.

A Year In Review

Retirements

A huge Thank You to Department Staff who have retired this year:

Susie Voecks, Personnel Officer, retired on August 20, 2021. Susie was with the state for 44 years, joining the state team during the Exon administration. Her most recent role was payroll officer, working with considerable Human Resources overflow for the past six years.

Greg Freese, Review Examiner, retired on December 30, 2021. He started with NDBF as an Examiner in 1983, then became a Senior Examiner, and finally a Review Examiner. Greg oversaw a caseload of banks and processed reports of examination, complaints, and various applications. He also supervised the Lincoln bank examination crew. Additionally, Greg served as the centralized scheduler for depository examinations. He ensured examination deadlines were met and coordinated NDBF resources with the FDIC, Federal Reserve Bank, and NCUA.

Ted Hall, Trust Examiner Specialist, retired on May 2, 2022. He started with NDBF in 2016. Ted served as the NDBF expert for trust and fiduciary related regulatory matters. He was responsible for overseeing the trust examination program for trust companies and trust departments. Ted also reviewed trust applications, complaints, and financial reports. Additionally, he completed loan reviews and performed Information Technology examinations for trust companies and banks.

Bobbi Alexander, Non-Depository Licensing Coordinator, retired on May 4, 2022. She was a key contributor in the Department's use of the Nationwide Mortgage Licensing System (NMLS). She witnessed NMLS grow from its inception as a mortgage licensing system, which began operations in January 2008, to what it is today, a multi-industry system of record for non-depository licensing and registration in participating state agencies. While Bobbi spent most of her time in the mortgage space, she also handled other Department consumer finance licenses in money transmitters, installment loans, installment sales, and Delayed Deposit Services (DDS) industries.

Note from the Director: Special thanks to Kathy Sparks for annually taking on the collection, editing, and production of this document.

Department Budget & Funding

Fiscal Year July 1, 2021 – June 30, 2022

The Department is fully funded by fees received from the industries it regulates. Fees are deposited in two funds with one used for supervision by the Financial Institutions Division and the other by the Bureau of Securities.

The Financial Institutions fund receives most of its revenue from an annual assessment based on assets and examination fees. The Bureau of Securities is funded through fees from the registration of securities and the licensing of securities industry personnel.

Financial Institutions

Revenues

Beginning Balance	2,878,523
Banking & Trust Companies	5,260,884

Deposit Limitations

Nebraska has adopted a deposit cap as set forth in the Nebraska Bank Holding Company Act. Section 8-910 provides that a holding company may not acquire a bank or banks in Nebraska if the deposits held in Nebraska would be in an amount greater than 22 percent of the total deposits of all banks in Nebraska, plus the total deposits, savings accounts, passbook accounts, and shares in savings and loan associations, and building and loan associations in Nebraska as determined by the Director of the Department on the basis of the most recent mid-year reports.

Total deposits for all banks, and savings and loan associations in Nebraska as of June 30, 2022, were \$83,821,973,000.00. The number was taken from a Federal Deposit Insurance Corporation compilation.

The 22% limitation contained in Section 8-910(2)(c), as of June 30, 2022, would be:

\$83,821,973,000.00

 x .22

\$18,440,834,060

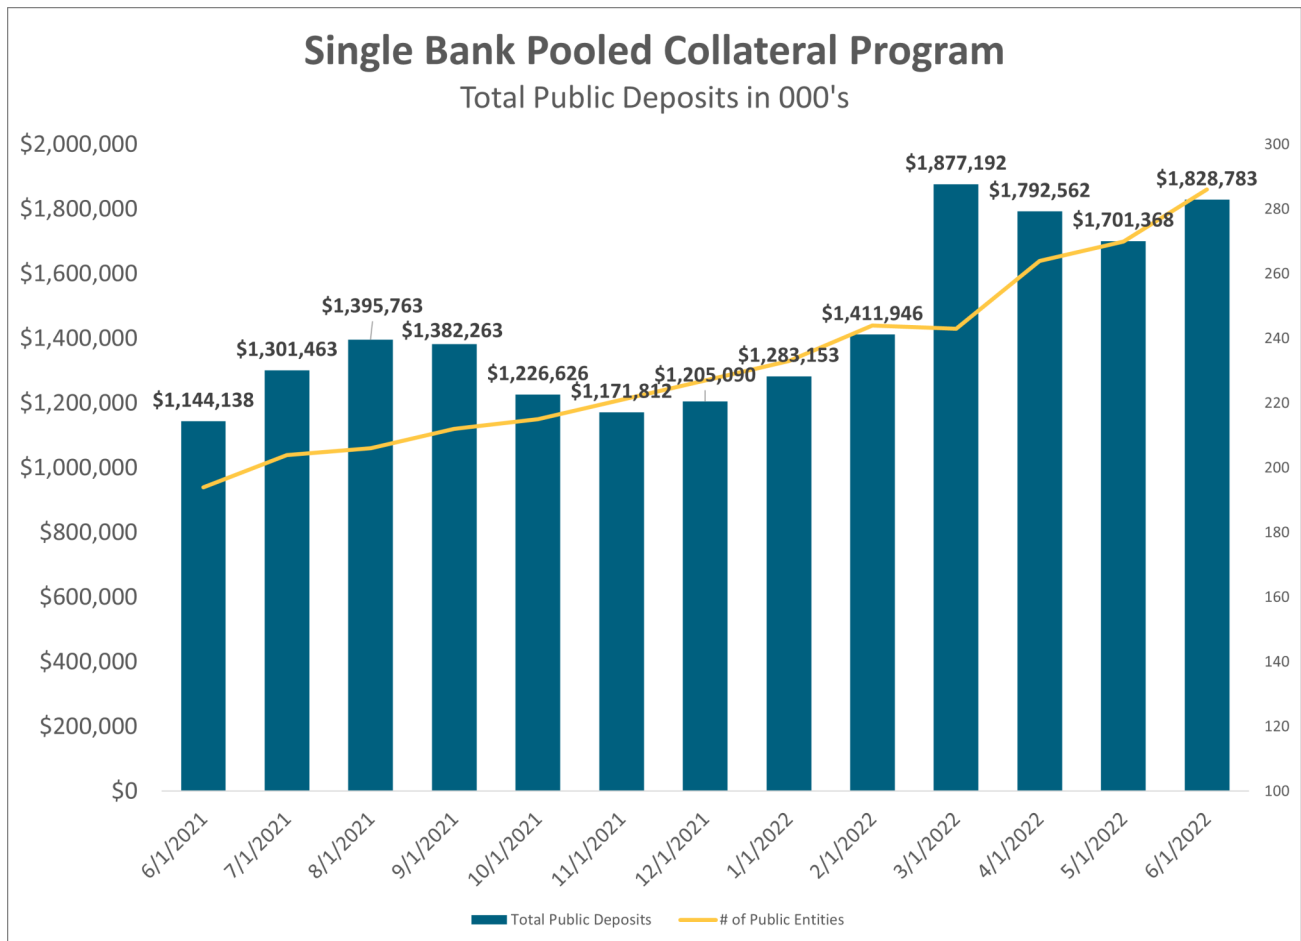

Deputy Director – FI Darcy Bailar, Director Kelly Lammers, Dr. Jennifer Davidson of NCEE, Deputy Director – Securities Bureau Claire McHenry, and Chief Information Technology Officer Michael Fabry with the Governor’s proclamation of Financial Awareness Month.

The Single Bank Pooled Collateral Program

The Single Bank Pooled Collateral Program (SBPC) was authorized by the Nebraska Legislature in 2020 by LB 622. The bill was signed into law and became effective July 1, 2020. The bill revised portions of the Public Funds Deposit Security Act (Neb. Rev. Stat. §§77-2386 – 77-23, 108) to provide financial institutions an alternate means by which to secure public funds held on deposit. In contrast to the dedicated method of pledging securities directly to individual public entities, the SBPC allows financial institutions to pledge a pool of securities to all public deposits held in excess of the FDIC insurance limits.

LB622 authorized the Department to appoint an administrator for the SBPC. In May of 2020, the Department appointed Nebraska Bankers Insurance and Services Company (NBISCO) as the program administrator. NBISCO's appointment runs through June 30, 2022. The appointment may be renewed for an additional three, two-year terms.

The SBPC began accepting participating financial institutions as of July 1, 2020. Since that date, the program has grown from two participants to 20. Total public deposits in the program have grown from \$138,725,000 to \$1,828,783,000 over the period.
