Installment loans; interest rate authorized; charges permitted; computation; application of payments; violations; restrictions.

(1) Except as provided in section 45-1025 and subsection (6) of this section, every licensee may make loans and may contract for and receive on such loans charges at a rate not exceeding twenty-four percent per annum on that part of the unpaid principal balance on any loan not in excess of one thousand dollars, and twenty-one percent per annum on any remainder of such unpaid principal balance. Except for loans secured by mobile homes, a licensee may not make loans for a period in excess of one hundred forty-five months if the amount of the loan is greater than three thousand dollars but less than twenty-five thousand dollars. Charges on loans made under the Nebraska Installment Loan Act shall not be paid, deducted, or received in advance. The contracting for, charging of, or receiving of charges as provided for in subsection (2) of this section shall not be deemed to be the payment, deduction, or receipt of such charges in advance.

(2) When the loan contract requires repayment in substantially equal and consecutive monthly installments of principal and charges combined, the licensee may, at the time the loan is made, precompute the charges at the agreed rate on scheduled unpaid principal balances according to the terms of the contract and add such charges to the principal of the loan. Every payment may be applied to the combined total of principal and precomputed charges until the contract is fully paid. All payments made on account of any loan except for default and deferment charges shall be deemed to be applied to the unpaid installments in the order in which they are due. The portion of the precomputed charges applicable to any particular month of the contract, as originally scheduled or following a deferment, shall be that proportion of such precomputed charges, excluding any adjustment made for a first installment period of more than one month and any adjustment made for deferment, which the balance of the contract scheduled to be outstanding during such month bears to the sum of all monthly balances originally scheduled to be outstanding by the contract. This section shall not limit or restrict the manner of calculating charges, whether by way of add-on, single annual rate, or otherwise, if the rate of charges does not exceed that permitted by this section. Charges may be contracted for and earned at a single annual rate, except that the total charges from such rate shall not be greater than the total charges from the several rates otherwise applicable to the different portions of the unpaid balance according to subsection (1) of this section. All loan contracts made pursuant to this subsection are subject to the following adjustments:

(a) Notwithstanding the requirement for substantially equal and consecutive monthly installments, the first installment period may not exceed one month by more than twenty-one days and may not fall short of one month by more than eleven days. The charges for each day exceeding one month shall be one-thirtieth of the charges which would be applicable to a first installment period of one month. The charge for extra days in the first installment period may be added to the first installment and such charges for such extra days shall be excluded in computing any rebate;

(b) If prepayment in full by cash, a new loan, or otherwise occurs before the first installment due date, the charges shall be recomputed at the rate of charges contracted for in accordance with subsection (1) or (2) of this section upon the actual unpaid principal balances of the loan for the actual time outstanding by applying the payment, or payments, first to charges at the agreed rate and the remainder to the principal. The amount of charges so computed shall be retained in lieu of all precomputed charges;

(c) If a contract is prepaid in full by cash, a new loan, or otherwise after the first installment due date, the borrower shall receive a rebate of an amount which is not less than the amount

obtained by applying to the unpaid principal balances as originally scheduled or, if deferred, as deferred, for the period following prepayment, according to the actuarial method, the rate of charge contracted for in accordance with subsection (1) or (2) of this section. The licensee may round the rate of charge to the nearest one-half of one percent if such procedure is not consistently used to obtain a greater yield than would otherwise be permitted. Any default and deferment charges which are due and unpaid may be deducted from any rebate. No rebate shall be required for any partial prepayment. No rebate of less than one dollar need be made. Acceleration of the maturity of the contract shall not in itself require a rebate. If judgment is obtained before the final installment date, the contract balance shall be reduced by the rebate which would be required for prepayment in full as of the date judgment is obtained;

(d) If any installment on a precomputed or interest bearing loan is unpaid in full for ten or more consecutive days, Sundays and holidays included, after it is due, the licensee may charge and collect a default charge not exceeding an amount equal to five percent of such installment. If any installment payment is made by a check, draft, or similar signed order which is not honored because of insufficient funds, no account, or any other reason except an error of a third party to the loan contract, the licensee may charge and collect a fifteen-dollar bad check charge. Such default or bad check charges may be collected when due or at any time thereafter;

(e) If, as of an installment due date, the payment date of all wholly unpaid installments is deferred one or more full months and the maturity of the contract is extended for a corresponding period, the licensee may charge and collect a deferment charge not exceeding the charge applicable to the first of the installments deferred, multiplied by the number of months in the deferment period. The deferment period is that period during which no payment is made or required by reason of such deferment. The deferment charge may be collected at the time of deferment or at any time thereafter. The portion of the precomputed charges applicable to each deferred balance and installment period following the deferment period shall remain the same as that applicable to such balance and periods under the original loan contract. No installment on which a default charge has been collected, or on account of which any partial payment has been made, shall be deferred or included in the computation of the deferment charge unless such default charge or partial payment is refunded to the borrower or credited to the deferment charge. Any payment received at the time of deferment may be applied first to the deferment charge and the remainder, if any, applied to the unpaid balance of the contract, except that if such payment is sufficient to pay, in addition to the appropriate deferment charge, any installment which is in default and the applicable default charge, it shall be first so applied and any such installment shall not be deferred or subject to the deferment charge. If a loan is prepaid in full during the deferment period, the borrower shall receive, in addition to the required rebate, a rebate of that portion of the deferment charge applicable to any unexpired full month or months of such deferment period; and

(f) If two or more full installments are in default for one full month or more at any installment date and if the contract so provides, the licensee may reduce the contract balance by the rebate which would be required for prepayment in full as of such installment date and the amount remaining unpaid shall be deemed to be the unpaid principal balance and thereafter in lieu of charging, collecting, receiving, and applying charges as provided in this subsection, charges may be charged, collected, received, and applied at the agreed rate as otherwise provided by this section until the loan is fully paid.

(3) The charges, as referred to in subsection (1) of this section, shall not be compounded. The charging, collecting, and receiving of charges as provided in subsection (2) of this section shall not be deemed compounding. If part or all of the consideration for a loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under such loan contract may include any unpaid charges on the prior loan which have accrued within sixty days before the making of such loan contract and may include the balance remaining after giving the rebate required by subsection (2) of this section. Except as provided in subsection (2) of this section, charges shall (a) be computed and paid only as a percentage per month of the unpaid principal balance or portions thereof and (b) be computed on the basis of the number of days actually elapsed. For purposes of computing charges, whether at the maximum rate or less, a month shall be that period of time from any date in a month to the corresponding date in the next month but if there is no such corresponding date then to the last day of the next month, and a day shall be considered one-thirtieth of a month when computation is made for a fraction of a month.

(4) Except as provided in subsections (5) and (6) of this section, in addition to that provided for under the Nebraska Installment Loan Act, no further or other amount whatsoever shall be directly or indirectly charged, contracted for, or received. If any amount, in excess of the charges permitted, is charged, contracted for, or received, the loan contract shall not on that account be void, but the licensee shall have no right to collect or receive any interest or other charges whatsoever. If such interest or other charges have been collected or contracted for, the licensee shall refund to the borrower all interest and other charges collected and shall not collect any interest or other charges contracted for and thereafter due on the loan involved, as liquidated damages, and the licensee or its assignee, if found liable, shall pay the costs of any action relating thereto, including reasonable attorney's fees. No licensee shall be found liable under this subsection if the licensee shows by a preponderance of the evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid any such error.

(5) A borrower may be required to pay all reasonable expenses incurred in connection with the making, closing, disbursing, extending, readjusting, or renewing of loans. Such expenses may include abstracting, recording, releasing, and registration fees; premiums paid for nonfiling insurance; premiums paid on insurance policies covering tangible personal property securing the loan; amounts charged for a debt cancellation contract or a debt suspension contract, as agreed upon by the parties, if the debt cancellation contract or debt suspension contract is a contract of a financial institution or licensee and such contract is sold directly by such financial institution or licensee or by an unaffiliated, nonexclusive agent of such financial institution or licensee in accordance with 12 C.F.R. part 37, as such part existed on January 1, 2011, and the financial institution or licensee is responsible for the unaffiliated, nonexclusive agent's compliance with such part; title examinations; credit reports; survey; taxes or charges imposed upon or in connection with the making and recording or releasing of any mortgage; amounts charged for a guaranteed asset protection waiver; and fees and expenses charged for electronic title and lien services. Except as provided in subsection (6) of this section, a borrower may also be required to pay a nonrefundable loan origination fee not to exceed the lesser of five hundred dollars or an amount equal to seven percent of that part of the original principal balance of any loan not in excess of two thousand dollars and five percent on that part of the original principal balance in excess of two thousand dollars, if the licensee has not made another loan to the borrower within the previous

twelve months. If the licensee has made another loan to the borrower within the previous twelve months, a nonrefundable loan origination fee may only be charged on new funds advanced on each successive loan. Such reasonable initial charges may be collected from the borrower or included in the principal balance of the loan at the time the loan is made and shall not be considered interest or a charge for the use of the money loaned.

(6)(a) Loans secured solely by real property that are not made pursuant to subdivision (11) of section 45-101.04 on real property shall not be subject to the limitations on the rate of interest provided in subsection (1) of this section or the limitations on the nonrefundable loan origination fee under subsection (5) of this section if (i) the principal amount of the loan is seven thousand five hundred dollars or more and (ii) the sum of the principal amount of the loan and the balances of all other liens against the property do not exceed one hundred percent of the appraised value of the property. Acceptable methods of determining appraised value shall be made by the department pursuant to rule, regulation, or order.

(b) An origination fee on such loan shall be computed only on the principal amount of the loan reduced by any portion of the principal that consists of the amount required to pay off another loan made under this subsection by the same licensee.

(c) A prepayment penalty on such loan shall be permitted only if (i) the maximum amount of the penalty to be assessed is stated in writing at the time the loan is made, (ii) the loan is prepaid in full within two years from the date of the loan, and (iii) the loan is prepaid with money other than the proceeds of another loan made by the same licensee. Such prepayment penalty shall not exceed six months interest on eighty percent of the original principal balance computed at the agreed rate of interest on the loan.

(d) A licensee making a loan pursuant to this subsection may obtain an interest in any fixtures attached to such real property and any insurance proceeds payable in connection with such real property or the loan.

(e) For purposes of this subsection, principal amount of the loan means the total sum owed by the borrower including, but not limited to, insurance premiums, loan origination fees, or any other amount that is financed, except that for purposes of subdivision (6)(b) of this section, loan origination fees shall not be included in calculating the principal amount of the loan.

45-1025

Installment loans; additional charges authorized; loan period; violation; effect.

(1) Licensees may charge, contract for, or receive any amount or rate of interest permitted by section 45-101.03, 45-101.04, or 45-1024 upon any loan or upon any part or all of any aggregate indebtedness of the same person. Except as provided in subsection (2) of this section, the charging,

contracting for, or receiving of a rate of interest permitted by section 45-101.04 does not exempt the licensee from compliance with the Nebraska Installment Loan Act.

(2)(a) Loans made by a licensee pursuant to subdivision (4) of section 45-101.04 are not subject to the Nebraska Installment Loan Act if such loans are not made on real property.

(b) Loans made by a licensee pursuant to subdivision (11) of section 45-101.04 on real property are not subject to the Nebraska Installment Loan Act. A licensee making such loans shall comply with and be subject to the Residential Mortgage Licensing Act with respect to such loans, except that the licensee shall not be required to obtain a mortgage banker license under the Residential Mortgage Licensing Act.

(c) Any mortgage loan originator who works as an employee or independent agent of a licensee shall be required to obtain a mortgage loan originator license and shall be subject to the Residential Mortgage Licensing Act.

(3) Except as provided in subdivision (2)(a) of section 45-1024, no licensee shall enter into any loan contract under the Nebraska Installment Loan Act under which the borrower agrees to make any payment of principal more than thirty-six calendar months from the date of making such contract when the principal balance is not more than three thousand dollars. Every loan contract precomputed pursuant to subsection (2) of section 45-1024 shall provide for repayment of principal and charges in installments which shall be payable at approximately equal periodic intervals of time and so arranged that no installment is substantially greater in amount than any preceding installment. When necessary in order to facilitate payment in accordance with the borrower's principal source of income or when the loan contract is not precomputed pursuant to subsection (2) of section 45-1024, the payment schedule may reduce or omit installment payments. Any loan contract made in violation of this section, either knowingly or without the exercise of due care to prevent the violation, shall not on that account be void, but the licensee has no right to collect or receive any interest or charges on such loan. If any interest or other charges have been collected or contracted for, the licensee shall refund to the borrower all interest and other charges collected and shall not collect thereafter any interest or other charges contracted for and thereafter due on the loan involved, as liquidated damages, and the licensee or its assignee, if found liable, shall pay the costs of any action relating thereto, including reasonable attorney's fees. No licensee shall be found liable under this subsection if the licensee shows by a preponderance of the evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid any such error.

(b) Fire and extended-coverage insurance upon real property;

(c) Fire and extended-coverage insurance upon tangible personal property, limited to the principal amount of the loan;

(d) Involuntary unemployment or job protection insurance. In the event of a renewal of a loan contract, this type of insurance shall be canceled and a refund of the unearned premium credited or made before new insurance of this type may be rewritten. Such insurance shall not be required as a condition precedent to the making of such loan; and

(e) Life, health, and accident insurance or any of them, except that the amount of such insurance shall not exceed the total amount to be repaid under the loan contract and the term shall not extend beyond the final maturity date of the loan contract. In the event of a renewal of a loan contract, this type of insurance shall be canceled and a refund of the unearned premium credited or made before new insurance of this type may be written in connection with such loan. Such insurance shall not be required as a condition precedent to the making of such loan.

(2) In addition to the types of insurance written under subsection (1) of this section by licensees under the act, any other type of insurance or motor club service as defined in section 44-3707 may be provided for the benefit of a licensee's borrower or the borrower's immediate family whether or not in connection with a loan, except that such insurance or motor club service shall not be required as a condition precedent to the making of any loan. Nothing in this subsection alters or eliminates any insurance licensing requirements or certificate of authority requirements under the Motor Club Services Act.

(3) Notwithstanding sections 45-1024 and 45-1025, any gain or advantage, in the form of commission or otherwise, to the licensee or to any employee, affiliate, or associate of the licensee from such insurance or motor club service or the sale thereof shall not be deemed to be an additional or further charge in connection with the loan contract. The insurance premium or motor club service contract fee may be collected from the borrower or financed through the loan contract at the time the loan is made.

(4)(a) Insurance permitted under this section shall be obtained through a duly licensed insurance agent, agency, or broker. Premiums shall not exceed those fixed by law or current applicable manual rates. Insurance written, as authorized by this section, may contain a mortgage clause or other appropriate provision to protect the insurable interest of the licensee.

(5) In the event of a renewal of a loan contract, any insurance or motor club service sold pursuant to this section shall be canceled and (a) a refund of the unearned premium or motor club

service contract fee credited or made before new insurance or motor club service of the same type as that being canceled may be rewritten or (b) the holder of the loan contract shall send notice to the buyer within fifteen business days after cancellation of the name, address, and telephone number of the insurance company or motor club which issued the insurance contract or motor club service contract or the party responsible for any refund and notice that the buyer may be eligible for a refund. A copy of such notice shall be retained by the holder of the loan contract.

(6) If any insurance or motor club service sold pursuant to this section is canceled or the premium or motor club service contract fee adjusted during the term of the loan contract, any refund of the insurance premium or motor club service contract fee plus the unearned interest thereon received by the holder shall be credited by the holder to the loan contract or otherwise refunded, except to the extent applied toward payment for similar insurance or motor club service protecting the interests of the buyer and the holder or either of them.

(7) If any insurance or motor club service sold pursuant to this section is canceled due to the payment of all sums for which the buyer is liable under a loan contract, the holder of the loan contract shall, upon receipt of payment of all sums due, send notice to the buyer within fifteen business days after payment of the sums due of the name, address, and telephone number of the insurance company or motor club which issued the insurance contract or motor club service contract or the party responsible for any refund and notice that the buyer may be eligible for a refund. A copy of such notice shall be retained by the holder of the loan contract. This subsection does not apply if the holder of the loan contract previously credited the refund of the insurance premium or motor club service contract fee to the loan contract or otherwise refunded the insurance premium or motor club service contract fee to the buyer.

Preauthorized loans; additional fees, costs, and expenses authorized; restrictions.

In addition to the charges permitted under section 45-1062, a licensee may contract for and receive the fees, costs, and expenses permitted by the Nebraska Installment Loan Act on other loans, subject to all the conditions and restrictions set forth in the act with the following variations:

(1) If credit life or disability insurance is provided and if the insured dies or becomes disabled when there is an outstanding preauthorized loan indebtedness, the insurance shall be sufficient to pay the total balance of the loan due on the date of the borrower's death or the amount due as of the end of the previous billing cycle, whichever is less, in the case of credit life insurance, or all minimum payments which become due on the loan during the covered period of disability in the case of credit disability insurance. The additional charge for credit life insurance or credit disability insurance shall be calculated in each billing cycle by applying the current monthly premium rate for such insurance, as such rate may be determined by the Director of Insurance, to the unpaid balances in the borrower's account, using either of the methods specified in section 45-1062 for the calculation of loan charges;

(2) No credit life or disability insurance written in connection with a preauthorized loan shall be canceled by the licensee because of delinquency of the borrower in the making of the required minimum payments on the loan unless one or more of such payments is past due for a period of ninety days or more, and the licensee shall advance to the insurer the amounts required to keep the insurance in force during such period, which amounts may be debited to the borrower's account;

(3) The department may, by rule and regulation, require a statement of insurance that will be appropriate for preauthorized loans in lieu of that required by section 45-1027; and

(4) The amount, terms, and conditions of any insurance against loss or damage to property must be reasonable in relation to the character and value of the property insured and the maximum anticipated amount of credit to be extended.
